

Dear children, parents and carers

Following the recent Government advice regarding limiting social contact in order to prevent the spread of Coronavirus, we have made the difficult decision to suspend our service and close the play centre until further notice. This is to ensure we are protecting children, their families and our staff.

We will keep you updated on social media (Stevenage Borough Council on Facebook and @StevenageBC on Twitter), as well as through displayed notices.

We are sorry for any inconvenience at this time, but keeping you safe is our priority.

Should you require any further information, please call the Communities and Neighbourhood team on 01438 242389.
